Journals for the following dates
(total of 33 JOURNALS)

This is the same total as the Whiteboards.

My help to you !!!!!

1. If you have been absent a lot or just didn't write journals, you could easily create your missing journals by going through the lesson for each day in the Whiteboard File. Summarize what is there. Provide one or more examples as they appear in the whiteboard file.
2. Include "[how to's](#)". They bullet-proof journals so that none will be counted as "bad". If you do as I suggest, I promise that you will not lose journal points for any journal written this way!!!
